

# MCI™ SILENTCEILING

# FEATURES & SPECIFICATIONS

The ceiling mounted unit is designed to improve indoor air quality by dealing with pollutants in a proactive way. The MCI™ SilentCeiling produces aggressive ionized oxidizers and multi-cluster ions that are then distributed throughout the entire room then circulated, quietly, on a continual basis, scrubbing the air and surfaces of all microbials.

This trademarked MCI™ (Multi-cluster Ionization) Technology, using an enhanced output, represents the newest generation of proactive air purification, is completely safe, and unlike high levels of ozone, effectively destroys mold, mildew, bacteria, viruses, odors, volatile organic compounds (VOCs) and the odors associated with them in the air and on surfaces.

When used as part of a wholistic solutions protocol, the MCI™ SilentCeiling provides a comfortable indoor air environment. This particular air purifier is designed to cover up to approximately 4800 cubic feet of living space so it is perfect for a small bedroom or office. Nearly silent, this unit does its work without noise.

## MAIN FEATURES

- Silent .5 sones operation with 50CFM maximum air volume.
- Exclusive MCI™ technology to attack mold, bacteria, VOCs and odors associated with microbial growth.
- Easy maintenance utilizes 3 year 24,000 hour MCI+ lamp.
- MERV7 annual replacement filter to meet ASHRAE 52.2 Standard.
- Hard-wired 110V connection, 4-UL Certified.
- Energy efficient operation.
- Unique design provides maximum coverage for bedroom, hotel room or office.
- Can be installed into 24"x24" drop-in ceiling model with supply register

## APPLICATIONS

- Homes, Offices, Schools, Washrooms, Day-Care Facilities, Nursing Homes, RVs, Ambulances, Cruise Ships and other smaller areas for "out-of-sight", secure installations.

## SPECIFICATIONS

- Electrical (UL, CE, PSE, TUV, EK and RoHS Compliant)
- Ozone Output: immeasurably negligible
- Energy Star Qualified 120V, 12 Watts
- Trademarked MCI™ Multi-cluster Ionization Technology
- MERV7 Filter

## PACKAGING

Unmarked Carton (packaged single)

16" x 14" x 12"	406mm x 355mm x 279mm	6.0 lbs., 2.72kg
18" x 24" x 24"	457mm x 609mm x 609mm	9.5 lbs., 4.30kg (drop-in ceiling tile unit)
